## INTERNATIONAL SEARCH REPORT

International application No.

PCT/US04/42711

A. CLASSIFICATION OF SUBJECT MATTER  IPC(7): A61N 1/36  US CL: 607/045  According to International Patent Classification (IPC) or to both national classification and IPC						
B. FIELDS SEARCHED						
Minimum documentation searched (classification system followed by classification symbols) U.S.: 607/045, 003, 036, 046, 047, 048, 062, 063, 116, 118, 126, 128, 134, 139						
Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched						
Electronic data base consulted during the international search (name of data base and, where practicable, search terms used) Please See Continuation Sheet						
C. DOCUMENTS CONSIDERED TO BE RELEVANT						
Category * Citation of document, with indication, where	appropriate, of the relevant passages Relevant to claim No.					
X US 6,526,318 B1 (ANSARINIA) 25 February 20  Further documents are listed in the continuation of Box C.						
	See patent family annex.  "T" later document published after the international filing date or priority					
<ul> <li>Special categories of cited documents:</li> <li>"A" document defining the general state of the art which is not considered to be of particular relevance</li> </ul>	date and not in conflict with the application but cited to understand the principle or theory underlying the invention					
"E" earlier application or patent published on or after the international filing date	"X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone					
"L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)	"Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination					
"O" document referring to an oral disclosure, use, exhibition or other means	being obvious to a person skilled in the art					
"P" document published prior to the international filing date but later than the priority date claimed	"&" document member of the same patent family					
Date of the actual completion of the international search	Date of mailing of the international search report					
18 June 2005 (18.06.2005)	02 AUG 2005					
Name and mailing address of the ISA/US	Authorized officer .
